

Heavenly Henbury Hall

**Our plant fair venue in the North
Cheshire countryside is a garden
lover's paradise.**

The Hidden Garden is a place to relax and take stock. The palette of green, silver, grey and white creates a calm, ethereal atmosphere warmed by the pink of enclosing walls

This is a very exciting time to visit Henbury Hall Gardens.

The garden is well into a restoration programme is bringing the gardens back to their full beauty.

Nestling in its Cheshire landscape and surrounding two magnificent lakes, the gardens contain many fine trees and shrubs including some rare specimens of Rhododendrons, Camellias, and Magnolia.

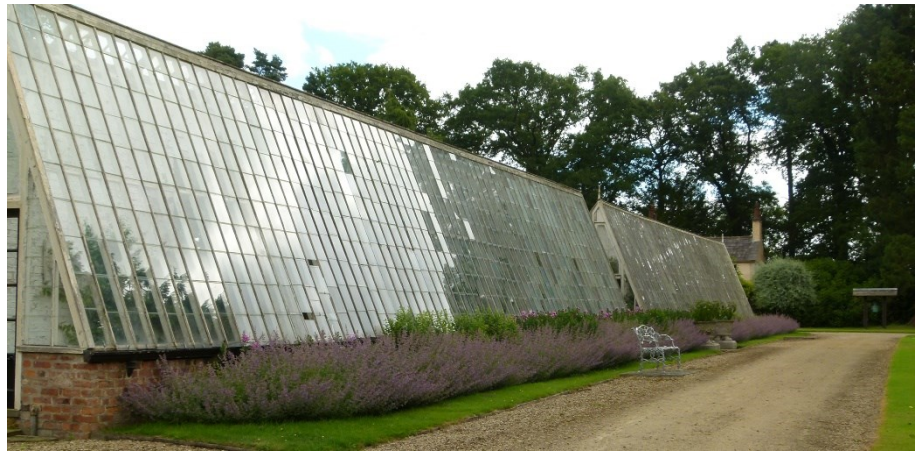

The gardens nestle in the undulating Cheshire landscape

The old Walled Garden has been completely transformed and now reflects its association with the present Henbury Hall and its Venetian connections. The old Foster & Pearson glasshouses, which were derelict, have been restored and under the watchful eye of Head Gardener Sean Barton is steadily building up a collection of exotics concentrating mainly on temperate and tropical Pteridophytes and Orchidaceae.

Highlights of the collection include the large group of *Pamianthe Peruviana*, the wonderfully flamboyant *Amaryllid* (which is sadly now extinct in the wild) and the rare *Blechnum Palmiforme* from Gough Island in the territory of Tristan da Cunha.

The more homely *Pelargoniums*

the ancient peach cases will be the subject of a restoration in the future but which meanwhile house figs, peaches, apricots and Muscat grapes

The old Walled Garden has been completely transformed

The garden surrounds two lakes

including the walled-trained double, Appleblossom, are a delight in summer.

We are delighted to be invited into this magical garden to create a new 2-day plant fair in July 2016. We will be holding the fair in the courtyard of the estate buildings which offer a cosy and sheltered setting for us.

The entry price of just £2.50 to include the gardens and fair is outstanding value.

Dogs on leads are welcome however because of the undulating nature of the gardens not all is accessible to wheelchairs.

The hall is not open.

Henbury, Macclesfield, Cheshire SK11 9PJ

Two miles west of Macclesfield on the A537. Turn down School Lane, Henbury at the Blacksmiths Arms. After 200 yards, the entrance is at the East Lodge on the right.

Telephone 01625 422101
